SIGN UP NOW

The Woohoo virtual background helps promote participation and remind people where to sign up. Every few weeks we'll send the background to all the new participants who have signed up.

Instructions: It's quite easy.

1. Open the [Woohoo-JPEG](#) file and save it on your computer where you can easily find it.
2. Open your Zoom app... sign in if you aren't signed in automatically.
3. Click the Settings icon in the upper right of the Zoom window ... it looks like a little black gear.
4. Click the Background & Filters icon in the left menu.
5. In the middle of the window you'll see Virtual Backgrounds, Video Filters, and on the right a small plus sign (+) inside a box. Click the (+) and then click Add Image.
6. Navigate to the **Woohoo-JPEG** file you saved, then double-click on it... voila!
7. To switch to other Virtual Backgrounds, including "None", just click its thumbnail image.
8. You're done. You can exit the Zoom app and close the **Woohoo-JPEG** image file.
